***Reported only if data were available for 10 or more sections. Comparison means calculated using combined data for AY2011-AY2013. A comparison group mean is the grand mean of a set of section means (not the mean of student responses pooled across sections.) Undergraduate sections are the comparison group for 500-level courses. Dept=courses from the same department within enrollment category; College=courses from all other departments in the school/college within enrollment category; Campus=All UMass courses within enrollment category.*
